UPS PRODUCTS & SERVICES

UPS Online Tools® does wonders for your e-shipping process

Do you find creating your own shipments an arduous task? With UPS Online Tools®, you'll discover just how simple online shipping can be!

UPS Online Tools not only provide a variety of options to transform your e-commerce and enterprise environments, they also give buyers the power to track their own packages and compare and select shipping services that best fit their needs and budgets.

Revamp your e-shipping process with these 7 powerful tools:

UPS Signature Tracking gives you Proof of Delivery information, which includes a digitised signature and a delivery address. Now you know who at the other side of the world has signed for your packages! 1

UPS Time In Transit Tool provides the scheduled delivery time, date and days in transit to help you determine which UPS service to use for your different shipments to anywhere around the world. 2

UPS Tracking Tool offers systematic tracking of your shipment, showing the exact date and time it arrives at the destination. Now your customers will know exactly when to expect the delivery. 3

UPS U.S. Address Validation Tool promptly alerts you of any incorrect information at the point of entry, saving you from costly returns and your customers from frustration. This service applies to U.S. addresses only. 4

UPS Online Shipping makes shipping straight from your employees' desks a reality. No installation of costly hardware or software required! You can even customise the tools to better suit your business. 5

UPS Rates and Services Tool lets you compare the different UPS shipping services to make it easier for you to choose which service best fits your needs. 6

UPS TradeAbility helps you streamline your international trade services by generating cost estimates for duties, taxes and transportation. It also provides compliance and licensing information and identifies restricted trading parties. 7

Want to know the best part? All of these tools are free to download, saving you both time and money. That's what UPS Online Tools can do for you!
